ACKNOWLEDGEMENT

First I would like to say Alhamdulillah. All praises and gratitude be to Allah SWT, the almighty, who gives me strength and everything I need and has helped me to accomplish this academic task.

I would like to thank Mr. Jurianto whose guidance and patience encourage me to finish this, and for supporting and giving me advices. I also acknowledge my gratefulness to all English Department lectures who have given me worthy knowledge and all 93's English Department students especially Eni, Enty, Tety, Toni, Dondon, Anang, Iza, Nilam, Lily and Wien who have helped and supported me in doing the research.

I acknowledge with thanks to others who encouraged me to undertake and pursue this study. I count among those who provided this encouragement some who are my friends who have given me directions to my work. My special thanks to Mas Erwin, Mbak Lien and all my friends for helping me to find the respondents for the data of this research.

I also dedicate this to my beloved mothers and sister for giving me love, care and prayers. And last but not at least, I am very grateful for my beloved husband, Mas Erwin for giving me love, patience, prayers and encouragement in finishing my thesis.

I confess honestly that this work is far from perfect and therefore all constructive criticisms on this thesis should be highly appreciated.
