ACKNOWLEDGEMENT

I realize it is really not easy for me to accomplish this thesis since I know that I am not good in writing. So, when this thesis is finally can be accomplished, although I am very aware that it is very far from perfection, I feel so relieved. I very thank God since I believe nothing can be done without His permission.

I also have to thank these following people that without whose help I would never have been able to accomplish this thesis:

My parents who have been so patience in supporting my very long study, Drs. A. Rahman, for his patience in guiding me to write this thesis properly and his big-big understanding, Dra. S.E. Widjajati, for her meaningful policy, Dra. Ita Farida for her kindness, Drs. Jalal and Dra. Diah for their sincere friendship, Drs. Dicky 'Timbel' and his thesis that has much influenced my writing, my old friends Wiwin and Tutut who has motivated me, 'Papa Mas' and 'Papa Enche' for being a good companions, My mother in-law who has been willing to understand her 'crazy' son in-law. all the friends that can't be mentioned by name. At last but never the least, I have to thank my beloved son and wife for their deep-deep understanding, and their unmeasurable sacrification.

The writer.
