## Acknowledgments

First of all, praise be to Allah SWT, God The Almighty for the gift and the blessings He has been bestowed upon the writer.

The writer owes a special debt to her thesis advisor, Mrs. Sudijah, for having counseled her inspite of her activities. In writing the thesis, the writer has also had the benefit of help from Mrs. Muthia Farida, the MTV Southeast Asia communication representative in Indonesia, for kindly replying her inquiry.

The writer offers her warmest thanks to all her friends from linguistics class of '95 for helping each other, particularly to Irma for continually motivating her and Nuning for being supportive as they have frequently shared same ideas. The writer has benefited enormously from their comments, cooperation, and idea. She is most grateful, accordingly, to Fify, Anshori, Julyan, Verina, and especialy to Andi, Romi, Indri, Firman, Nanang, and Astrid, for all their help. Her gratitude also goes to Yuli, Asti, Yuri, and Ririn for inspiring her to be a better person and has a better life.

The highest price for a thesis, however, is always paid by her family. For their enduring love and supports, the writer dedicates this thesis to her parents, Mr and Mrs Moch. Chodjin, and to her sisters, Mila and Asri. Tolerance, support, and affection have been sincerely provided by her beloved friend, Wawan Trisatya Atmaja. There would not be enough room on this page to express her gratitude for making her life so wonderful.

Finally, the writer offers her biggest thanks to all the people not listed here who have given contribution to accomplish this thesis.

Viva Linguistics Class of '95 !
