ACKNOWLEDGEMENT

First of all, I would like to say my most gratitude to the Almighty Allah SWT, for having given me strength of resistance to pass through all the shortages I have undergone during composing my thesis and at last to accomplish the thesis, and pray Salam and Sholawat for His greatest Prophet Rasulullah Muhammad SAW.

I also want to dedicate my great gratitude to Mr. Abdurrahman Marsoel as my thesis advisor, who has aided me in extending his time to guide me and provide with either meaningful ideas or references for my thesis and finishing it. Further, my appreciation is also directed to all the lecturers of English Department since they have taught me plenty of knowledge that contribute a lot to my thesis.

I am greatly indebted to my beloved mother and father for their enormous love, affection, and encouragement. My gratitude is also expressed to my grandmother, S. Soengadi, and to my two dear brothers, N. Daru Hendro and Wahyu Adi N. for their deep understanding and support. It is also expressed to the big family of Pakdhe Amin S. and Om. Agus B.

It is a pleasure to thank to all my friends who have been very helpful to me. Thanks to Ariesta, Utami, and Yuliani for having been such great companion and I am very thankful to M' Dewi, M' Diana, and Rachmadani for their favor and thanks to all the boys and girls of '94 students of English Department that can not be mentioned one by one. Thanks to Yongki. I am also thanks to Aiek and Rofek, Lusi, Azis, Devi, Rohmah, Elly, Elida, M' Tri, M' Isti, and finally, thanks to all the big family of Aspi Ekanita-UNAIR.

I confess honestly that this work is far from perfect and therefore, all constructive criticisms on this thesis would be highly appreciated.
