*One real thing about life is that people  
follow the change of the time.  
And that can be any time of the day or night.*

*One nice thing about life is that people  
like to assume their own world.  
And that can be any world of joy or sorrow.*

*One wise thing about life is that one  
likes to share one's love.  
And that should be with oneself and with others.*

## ACKNOWLEDGMENTS

All praise to God for His blessings so that I got strength and illumination to pass my hardest time finishing my study.

I especially wish to thank my consultants Dra S.E. Widjayati, MS and Dra Christinawati for their patient guidance and contribution throughout the completion of this thesis. I am so much indebted to those lecturers since without them I never could finish my thesis.

I also will never forget all the lecturers of the English Language and Literature Study Program and its staffs who have given me their kindness and guidance throughout my study. To my academic advisor, Dra. Ny. Sumarto D, M.Ed., who has given me encouragement, I would like to give her my special thanks. Finally, I thank all my friends, especially Dra. Diah and Dra. Wulan, since they have supported me with their kindness and their books. And, I will always be looking forward to critics since I believe this thesis is still far from perfect.
