## ACKNOWLEDGMENTS

All praises would be to Jesus, The Almighty. The deepest homage and thankful would be to Him for the strength, guidance, and blessing He gave me. My greatest gratitude also goes to The Holy Mary for Her tender love. Thank you for always accompanying and giving me Your great blessing so that I can accomplish my thesis on time.

My special gratitude goes to Mr. Jurianto, M.Ed. as my thesis advisor for his guidance, patience, input and support during writing this thesis. This thesis is also dedicated to the incredible first year elementary students of SD Hang Tuah XII Surabaya as my participants and all of the teachers of SD Hang Tuah XII. Thank you for giving the warm acceptance and support during my research so that I can accomplish it.

I thank all of the lecturers of the English Department, Airlangga University for giving me knowledge and information during my study. You have patiently taught me many things that I am sure will be worthy in my future time. My special thank goes to Mr. Deny Arnos. K, S.S. for helping me to do this thesis.

A very deep appreciation and thank would be to my mother and my late father for always being beside me through my up and down life and for never feeling tired to give their love and support to me. You are always able to turn my anger out when I am peevish and I can always count on you to let my tears fall down on you. I am proud to be your daughter. I

**also dedicate this thesis to my sister and brother, Mbak Ayu and Mas Rinto. Through my twenty-three years of life, you have given me the colorful life, taught me how to face the jolt of the life and always showered me with your love. We will always be the power of three. I love you all.**

**My special thank also goes to someone. If you want to know how you mean everything to me: you are always beside me, firmly hold my hand when I am down, are a shoulder to cry on, a friend to rely on when I need you, are someone that can share my happiness with, and always calm me and treat me like a queen. With you I can feel how to love and how to be loved. Thanks for the beautiful moment that we have ever had.**

**To the Jruenx's team: Rosa, Imel and Sophie, thank you for always being with me in my bad time and good time and making my life so colorful. I will always remember all of your madness. My special thank also goes to Dinda, Ully, Andri, Adi, Diany, Venny, Icha, Lesly and all of the 97's students of the English Department. Last but not least, I also dedicate this thesis to my friend outside campus, to Dinda 'Widya Mandala' (thank you for spending your time with me), Tommy (for easing my headache), Dody and Agung. It is a fortune to have you as my big family.**
