ACKNOWLEDGEMENTS

Writing this thesis is surely a life changing experience to me. I discover so many things about myself that I am capable of doing or feeling. I had obstacles and difficulties during the progress of writing. Finally, I can gladly say that it is over and I cherish every moment I had gone through.

First of all, I would like to say my huge gratitude to Allah SWT the Almighty for the countless blessing and the enjoyment, who never fails to light my spirit up when I was down and I did not know where else to turn.

This thesis will never be accomplished without the help of my thesis advisor, Deny Arnos Kwary, Ph.D who gives me valuable advices and supervisions until this thesis was finished on time. There are many critics and suggestions, which motivate me to accomplish this thesis. I also thank to all lecturers of the English Department for giving me valuable knowledge during my study years.

There are a lot of other people to thank. Without them this thesis will only be a piece of boring work, instead of meaningful experience. I like to thank to family for their unlimited loves and cares for me. I realize that being a part of this family is the most important thing in my life, especially for my mother, thank for your critics and encouragement to me even sometimes I fell that you are a bit forcing. She is the best mom I have ever had. I dedicate this to my father who has been very supporting all this time. Also, I want to thank my brother for his odd jokes.

My huge gratitude also addresses to my fiance, Bimo Bayu Murti, S.Hum for his patience and endless love that he gives to me. Thank for supporting and accompanying me during my bad and happy days. I hope we can be together forever. I also thank to my best friends, especially Irene Anastasis, Dian Farida Hanum, thank for the times that we had. You are always in my heart, forever, and ever.
