ACKNOWLEDGEMENTS

All praise be to Allah for His mercy and guidance for helping me in making this thesis possible.

Many people helped in many ways as I labored over my work, been offered excellent advice, and expressed confidence in my work. I am grateful to various lectures, especially Mrs. Sumarto, Dra, M.Ed. and people who provided many help in getting the necessary references and useful comments on my work.

Similarly, I am grateful to my friends, Ana, Nova. and Noor, who struck the initial spark of enthusiasm and provided relentless encouragement for me to meet the deadline. To them, I owe great debt of gratitude.

Finally, I am grateful to my mother and my father for the encouragement and their trust in me; my brothers and my sisters for their love and great contribution. Thanks are also due to Juan who supported me to eventually finish this thesis.

The writer humbly realizes that this thesis may be far from being perfect and needs a lot of improvement. Therefore, the writer expects the criticism and suggestions from the reader to improve and complete this thesis.
