Love .....

What is love

I'm not sure what's the meaning of that's words

I just know that love can make people happy

My mother, my father and my sister....

I love all them

I always make a wish

That I don't want loosing them

They are everything to me

I don't know what I have to do without them

And I always pray for all of my family

I always hope that they will happy forever

I love them more than I love myself

They give me a spirit

They always care about me

I think this is a true love

So the true love is always near you

And I always feel that
