ACKNOWLEDGEMENTS

Praise be to Allah, who hath created me, who hath let me live on earth with all its beautiful things, who hath taught me that which I knoweth not. Thee do I worship, and to Thee do I cry for help. I am thankful for Thy grace upon me.

I should like to express, first of all, my warmest appreciation of the kindness, the careful reading and correction of my drafts to the thesis by my thesis advisor, Ibu ItaFarida. I am also grateful to Mr. Santiko, for his adoring inspiration; from whom I firstly heard of *what it is to be a human*. I should like to make grateful acknowledgement to Dra. SE. Wijayanti for her advice and *tricks*; Dra. Soemarto D. M.Ed., for her guidance and assistance in teaching me literary words and all the lecturers of English Department of Airlangga University, without whom I would have never known about English literature.

I wish also to thank my parents, Barjo Widodo and Sri Rejeki, who have raised me to be independent, to whom I dedicate my life, and for whom I always pray. To Lupi, who endlessly loves me, who teaches me toward maturity, who always tells me not to complain about anything, the only one who really cares for me; thank you for everything, sis. I can't begin to tell you how much I adore you. To my little brother Budi and my wonderful nieces and nephews: Yanti, Ning, Bima, Aji, Agil; for you guys I shall survive. And to my far-away sister, Prasasti Yuati, whose courage and financial support has become a fresh injection for the last few months.

My special thanks to my best friends: UMI, for her incomparable patience toward the naughty *wien*, for all the years of hard time we've been through. She is the one

that understands me well. DEWI, the second Goofy, for all the wonderful moments during the KKN and afterwards. LUTFIA, for encouraging me to finish my study as fast as I can. RINA, EVI, and UMI at home for finally accompanying me to sit and watch the football games during the World Cup 98. AYU, whose computer is always available for me, whose place seems like a home to me; thanks.

My very special thanks to Indah Richardson and her family for always making me welcome, for bringing this thesis to an outstanding editor; Mr. *Perfectionist* William R Messruthers, for his helpful editing and criticism upon my work; Mbak Titin and Mas Fitri in the British Council, for being so nice and kind to me; Pak Edi RRI Surabaya, the most adorable person I've ever met, thank you for introducing me to the precious experiences in broadcasting and for granting me the two and a half months of leave; All crews of SKOR FM for being such a nice family; Michael, for those wonderful records. My big thanks are also due to: Nilam, Teti, Toni, Wili, Dewi, Devi for being wonderful pals; Lily for her over concerns and supports; and to all the remains of 93 students of EDUA, thanks for hanging around the lab.

More than anything else, to my beloved Taufan, the realization that sometimes I could not make myself understood, for the beautiful love, for the "my lovely queen" calling, for all the crazy moments we have shared together; I thank you. My love for you is beyond measure.
