Praise all be Allah SWT for His mercy and guidance in helping me make this thesis possible.

I doubt very much that I would have been being a student of English Department of Airlangga University and finished my thesis at a certain time if I had not had both my beloved mother and father who has nursed me affectionately. Their vision of what a student should be and do, their affectionate love for me, and their continuing and unwavering support make them the best parent of whom I have ever had. I am also grateful to my elder sister, Mbak Chusnah, in Tsukuba for her encouragement and her faith in me; for calling me up from Japan when I really need someone to share my problem with. To my eldest sister Mbak Nul, my two younger sisters Khotik and Khairur, my two little brothers Zezen and Kokoh, I am grateful to you all for the happiness and sadness that we have been spending together. Therefore, I love you all.

As my thesis advisor, Dra, S.P. Sumarto. D, M,Ed has given this thesis not only a wealth of knowledge and critical insight, but a deep commitment to making this thesis as well as possible. Her extraordinary attention to detail, her generosity with both praise and

criticism. and her appreciation have done much to make this one of the most satisfying work of my life. I want to show my appreciation to Drs, Sumitro for showing me the work of G.B Shaw, Richard B. Sherridan, Henrik Ibsen, and telling me the real meaning of honor and self-dignity; to Drs, Santiko Budi, M.A for introducing me the work of Calderon de La Barca, Bertolt Brech, and Thornton Wilder; and being the lecture of Prose I and II. I am also grateful to Drs. A. Rahman for reminding me that I should be a judge in analyzing the problems in the thesis.

Finally, I am grateful to my close roommate, Irna, and Mbak Fety for the time that we have been spending together for five years. I really appreciate what both of you have done for me so far. Thanks are also due to all my friends in English Department, especially all student of '93, particularly Teti, Agis, Dian, Hwee Fa, Zaitun, Devi, Mita, Meta, Toni, and Eni.

As I write these words I am aware of how difficult it is to accurately describe the contribution of each person who has something to do with me. However, I absolutely appreciate it.
