## ACKNOWLEDGEMENT

Primarily I would praise the Lord, for His Blessing and Love that only by His Kindness I can finally accomplish my thesis. Without His Guidance I would not have the strength to go on so far.

My special acknowledgement goes to Dra. SP. Sumarto D, MEd, my thesis advisor, for her time and patience in guiding and directing me to work on my thesis, so that I can finish the thesis. My next appreciation goes to all the board of examiners: Dra. SE. Widjayanti, M.S, Drs. Abdurrahman Marsoel and Edi Dwi Riyanto, S.S. M.Hum, for giving me valuable inputs and suggestions to improve my thesis. I would also like to thank to all of the lecturers of English Department for giving me valuable knowledge that I need.

I am grateful to my beloved parents, Papa and Mama, for giving me support, and for always being there whenever I need. Your sincere love and understanding have taught me to survive. Thank you for the love and patience that you have given to me. I also want to thank my big brother, Cecep, and my two little brothers, Boyke and Sakti, for helping me a lot with the computer troubles.

I would like to thank to all my friends in English Department, especially to Liza and Kiki, all friends of '96, '94 and '98 for giving me endless support which has contributed a lot to me. Lord knows how much I thank you.

Finally, I do realize that there are a lot of improvement needed in this thesis. Therefore any critic or suggestion will be gratefully accepted.
