ACKNOWLEDGEMENTS

Writing this thesis is surely a life changing experience to me. I discover so many things about myself that I am capable of doing or feeling. I had my lowest low and my highest high during the process but, in the end, I find myself grow more mature compare to where I started. It does sound a bit cheesy for some people, but it is true. From where I am now, I can gladly say that it is over and I cherish every moment I had gone through.

First of all, I would like to say my huge gratitude to Allah SWT. Who never fails to light my spirit up when I was down and I did not know where else to turn.

This thesis will never be accomplished without the help of my thesis advisor, Erlita Rusnaningtias, M.A and Drs. Jurianto.M, Ed. Thank you for your tremendous aid and advice. Thank you for making me critical toward anything, I never feel the same again since I joined your class for the very first time. I would also like to thank the rest of lectures of Airlangga University for their guidance and knowledge for all these times.

Undoubtly, there are a lot of people to thank. Without them this thesis will only be a piece of boring work, instead of meaningful experience. First and foremost, I would like to thank my mother, maybe she is not the greatest mom on earth, but definitely she is the best mom I have ever had. And, I dedicate this to my father who has been very supporting all this time. Also want to thank my youngest sister for their odd jokes.

There are still names to thank because without these guys I would not have great college years. Thank you for all my best friends. I know I can be such an annoying person sometimes. Thank you to the rest of the students in 2008 year.
