ACKNOWLEDGEMENTS

First of all, I would like to give my big thank to my Lord Jesus Christ who has given me blessing, wisdom, and strength on my life especially during my study in English Department at Airlangga University until I have finished this thesis. This thesis will have not been completed without His love. There are no enough praise and worship to tell how great works He has done for my life. What I've gotten during the process of this thesis makes me learn much more about His sincere love and about faith. I wish this thesis could be a gift that could make Him happy. I hand my hope, my dreams, my wish, and my future over Him. He is my all in all.

I would like to give thank to my late father for his love and his support during his life. He is the sweetest memory that I keep in my mind eternally. For my mother, I would like to thank her for the love, the spirit, and everything she gives for me. She is being my inspiration to be the real woman and I am proud to say her 'Mum'! For my brother, Rocky Siahaan, wish him success in everyway and grow more in God. For my family in Surabaya, my uncle, my aunt, Anne, and Andre, thank you for loving me and accepting me to be part of theirs. May God bless them all.

My thanks go to my friends in English Department of Airlangga University in the year of 2001 for the wonderful friendship. Big thanks go to Riska, Hesti, Lusi, and Dhini for the supports, stories, and love. We've been through so many things together and wish this would be an everlasting strong friendship. For very kind

Last but not least, I would like to express my deep and special thanks to Edward Manurung who always gave his shoulder to cry on when I felt down during the completion of this thesis. Thank him so much for his special way in giving me the great support, patience, and sincere affection during my life times. I believe that he will be success, so he has to fight for the bright future in his study. I can’t hardly wait to see him in his graduation toga.
