ACKNOWLEDGEMENTS

My first sincere gratitude goes to Allah, the Almighty, for His blessings, generosity, and favor in giving me faith, strength, patience, and ability to finish my thesis soon.

I would like to give my word of appreciation to my thesis advisor, Ms. Yulia Indarti. I am much obliged for her excellent guidance, input, support, useful advice and understanding that make me able to do my best in accomplishing this thesis. I am glad to say that she knows when to guide, how to guide, and how much to guide.

I would like to thank to Hj. Yayak Kustiyah, S.Pd, the headmaster of SMUN 4 Surabaya, for allowing me to conduct the research at her school, and for the students II-4 class for their enthusiastic participation. I could not have obtained such valuable data without their active involvement.

Special gratitude goes to all lecturers of the English Department, Faculty of Letters Airlangga University, for their guidance during the academic years. My special thank to Mr. Amir Fatah for being my academic counselor.

My greatest appreciation goes to my beloved mother. Words would never be enough to explain what you mean to me and how much I thank you. Your constant love, pray, and support are priceless; I could never repay you for all you have done for me. I love you so much Mom although I often make you disappointed. For my late father, I may not know you well, but there'll always be

a place for you in my heart. I miss you so much and I'll always wait for your coming in my dreams. I know you're watching over me from heaven.

For my brother and sister-in-law (Arie and Santi), thank you for being so good to me. For my dearest sister, Berina, I really appreciate all of your sacrifice and hopefully I can return all the favors. Thanks a bunch for your great advice and support with everything. For my two cute little nephews (Kresna and Echa), thanks for cheering me up when I'm getting bored. To all my cousins (especially Yani and Dian), it's been a pleasure growing up with you. To all my aunties and uncles (especially Dra. Endang S and Drs. Sutadji), thanks for the help and support with everything.

To Lala, Shanty, and Wiwid, thanks for being so understanding and remaining such true friends. Life seems so bright and funny with you. I hope our friendship will remain the same. To Zulia, thank you so much for listening to me when I'm in a bad mood. To all of the EDSA '00 students, thanks for being such nice friends, all the help and support.

Lastly, I'm really grateful to someone who has changed me into what I'm today. Thanks for giving me great confidence, affection, support, and being so incredibly understanding. I'll always appreciate those.

I realize that this thesis is still far for being perfect and satisfactory. Therefore, I'll be grateful to accept and appreciate encouraging suggestions and critique.
