ACKNOWLEDGEMENT

Thank God, You give me strength to finish my thesis. Thank you for such a beautiful life – happiness and sadness in amazing moments with my wonderful family and lovely friends – that becomes my inspiration to walk and learn so far...

I would like to give my great appreciation to Dra. Nur Wulan, M.A who has been my thesis advisor for one and a half semester. I do appreciate her patience in guiding me to do my best for this thesis. My deepest gratitude also goes to my academic advisor and all lecturers in English Department and Faculty of Letters who have supported and broadened my knowledge during my study at Airlangga University. Besides, I could not forget all who have been supporting my life in Surabaya for these almost five years. To all my best friends both in Djokdja and Surabaya, thank you for the learning processes shared together.

Finally, I would not be a man like just who I am right now without my family's support. I do love them for the care and understanding throughout my life. Papa and Mama, thanks for giving me such an enormous trust so that I can walk in the way I want to be. Your prayer and blessing are the greatest encouragement in my life. Od-Od, thanks for being the nicest brother for me. I would like to thank also to all of my big family who have brought me in their prayers. This thesis is just a new beginning for the next step of my life in pursuing my dream; to be a man for others, Ad Maiorem Dei Gloriam!
