

ABSTRACT

The development of the era that affects the field of technology and information. It is natural that all people use the internet as a source of information because of the benefits that exist. Therefore, there is also a directory, which is a collection of information obtained and sorted according to the aim of simplifying and shortening the search for information. The purpose of making this Online Directory of Historic Tourist Places for All Provincial Capitals in Indonesia is to provide new references and fresh air to the public in searching for information and meeting information needs about historical tourist attractions. Users only need to open a website that has been created by the author without having to search for information individually which is time consuming and not necessarily clear.

Keywords : Online Directory, Websites, Historic Tourist Attractions
