## ACKNOWLEDGEMENTS

Foremost, I would like to send my prayer of gratitude to Jesus Christ who has always looked after me through this whole time I struggled to keep myself together. It teaches me that there is always a greater power than my own, and it helps me to realize that I was never alone finishing my thesis.

Also, I would like to thank my thesis advisor, Ms. Maimunah M. Hum, M.A. for the guidance, time, patience, knowledge and enlightenment. My gratitude is also for all lecturers in the English Department of Airlangga University. I would not be done writing this thesis without their willingness to share their knowledge.

This thesis also dedicated to my parents from whom I learned to be tougher and more liable in doing my thesis. They are more like my best friends through my ups and downs, they are a couple of angels who always support me and help me with their prayers through this whole time. Thank you for the love and affection. I promised to make both of you proud of me one step at a time. This is only just a beginning.

I also got a little help from my friends. Thank you to Rastra Tri Murdihartanti, Sintya Olsa, Shinta Anggityas, Laely Novita Anggraeni, Nian Karang Sari, Avika Dwi Cahyaningsih and Adrea Kristatiani. Such a blessing I got to know them, with whom I share the laugh and tears, the bliss and sorrow. I could not ask any better person to be my best mates, because they are the best person anyone could asked for.

My deepest gratitude also for Andrea Pretty, Ida Ayu Farina, and Esti Kusuma Wardhani who always had been and always will be my best partner-in-crime, thank you for the good old days that we were having stupid jokes and making silly faces. And also, my college experience would not be legendary without their presence. Thank you to Loren Damayanti, Mukhammad Abdi, Tsaniyatul Haliyah, Mirza Setiawan, Moh. Arief R. P, and every single person who always managed to make my day to be more colorful and brighter.

Thousands of thank you would not quite describe how fortunate and how grateful I am to be the part of these incredible and amazing person. They are a bunch of people who conspired to make me who I am today, from whom I learned to be a better person. Without them, I might be nothing and with them I become something.

**“Gay people are born into, and belong to, every society in the world. They are all ages, all races, all faiths. They are doctors and teachers, farmers and bankers, soldiers and athletes. And whether we know it or whether we acknowledge it, they are our family, our friends, and our neighbors. Being gay is not a Western invention. It is a human reality.”**
