ACKNOWLEDGMENT

All my praises I give to Lord Jesus for his blessings. I might have things that other do not have. I thank Him for family, friends and the chances to be a well educated person. I also thank my parents for loving, caring, and protecting. I thank them for both material and immaterial supports they have given to me. And also, for brother and sister. You guys are God's biggest gifts. To finish this thesis, I have received so many helps that I address my biggest gratitude to my thesis advisor, Drs. Amir. Fatah, M. Hum. I thank him for his time, ideas, and supports.

I feel very lucky to be trusted to have many lovely friends. I thank Yola and Agnes for being my bestfriends since we were in junior. I also address my gratitude for my classmates either in diploma or transfers classes for all helps during my study. I especially thank for Rebecca, Riska, Ajeng, and Nessa, Otha for giving unpredictable experiences. I do learn a lot of things from them either negative or positive ones. I feel very lucky to have them. I once again thank God for giving me my GP "Shalom" friends. I thank all of my friends for being a good complementer to my life. You all guys are *rock...*
