Thesis Advisor,

The seal of Universitas Airlangga is a large, circular emblem. It features a central blue eagle with its wings spread, set against a yellow background. The eagle is surrounded by a decorative border of yellow and blue patterns. The text "UNIVERSITAS AIRLANGGA" is visible around the perimeter of the seal.

DECLARATION

This thesis is submitted as a partial fulfillment of the degree Sarjana Humaniora (S. Hum.) of the English Department, Faculty of Humanities, Universitas Airlangga. Hereby, I confirm the following points:

1. This thesis is entirely my own work.
2. It is not copied from any other person's work (published or unpublished).
3. I do not use the services of any professional agencies to produce this thesis.
4. It has not previously submitted for assessment either at Universitas Airlangga or elsewhere.
5. Any text, tables, figures, data or other material copied from other sources (including, but not limited to, books, papers, and the internet).
6. Have been clearly acknowledged and reference in the text. These details are confirmed by a fuller reference in the references at the end of the text.

I understand that breaching any or all the above points will result in the withdrawal of the awarded degree and disciplinary action in accordance with regulations at Universitas Airlangga.

ACKNOWLEDGEMENTS

All praise and glory is for God. I thank You Lord for giving the salvation, strength, knowledge, passion and patience to finish this thesis. With only Your grace, this thesis is made possible.

First and foremost, I would like to thank my thesis advisor Diah Ariani Arimbi, Ph.D., for her assistances, advices, and valuable times. I would love to thank you very much for your endless supports and understandings over the past four months. It has been very challenging and interesting to have you as my advisor. I also really enjoyed listening to your lectures during classes, which always enlighten me in perceiving, criticizing, and rethinking many things that happen in this world. I hope to hear your lectures again in any other given chance and hope to have other academic discussion related to other research. I cannot describe my whole feeling in written words for how I really feel grateful to have your guidance in all the process to finish my first thesis.

Second, to my guidance counselor, Deny Arnos Kwary, Ph.D., I thank you so much for your valuable times, patience, knowledge that you shared, and many things that I cannot mentioned one by one. I remembered for the first time when I met you as my guidance counselor, I asked you “How if I had a problem with my guidance counselor, is it possible for me to change my guidance counselor to other person?” And you answered wisely that I am allowed to change. I knew it was rude question for a new student to ask that, but I am glad it is not proven. Until

now I never want to change my guidance counselor. It is such a blessing to have you for these past four years; I think you are the best in giving guidance what your students should do in finishing their S1 degree in 3.5 years.

Third, I want to thank all lecturers of Faculty of Humanities, who have taught me with many new things. There is much knowledge from your lectures that I will remember and use for my future studies and apply in my life. I hope to learn more in many things from you all. Mrs. Wulan thank you for your suggestions and opinions; Ms. Maimunah, thank you for the LotR philosophy book; Mrs. Arum Mrs. Nurul, and Mrs. Dewi, thank you for the interesting classes (Media Studies, CCCS, Cyber Culture, Celebrity Culture) those classes keep inspiring me in analyzing my thesis; Mrs. Rina, thank you for sparing your time to have a chat with me about my future journal article. Mrs. Erlita, thanks for the challenging Phonetics & Phonology class. Mr. Endi, Mr. Gesang, and Mr. Pujo, thanks a lot for the life lessons and academic discussion. Mrs. Titien, Mrs. Dian who taught me Lit. Criticism & Intro to Theory of Lit., and many other lecturers who I cannot mention one by one.

Fourth, I would also express my gratitude to my family. Mom, I thank you for giving birth of me, and teach me many things. I am grateful to be your child. Dad, thank you for your unconditional love, you give me so many advices for my life. My sister and brother, your stories become my life lesson. To my lovely Bear & Porcupine – Dave, who always there in any condition, in giving any support, and give me helpful advices for my academic growth, caring and always loving me. I will not be where I am without you all. I am also grateful to my GAB,

SKKP, MAJA friends for their endless support. It is such a lovely experiences to know all of the members in those communities. Many people have indeed contributed their best parts to enrich my life through their guidance, and support. There are so many of them that I cannot possibly mention all the names. From the deepest part of my heart I thank them for being there for me. I could not have done it without you all.

My great gratitude also goes to all Lord of the Rings fans, especially the Tolkien Society members who are really considerate in tremendously assisting the writer while completing this thesis; thank you for the responses. All your contributions will not be forgotten.
