

## ABSTRAK

Keamanan penerbangan sangat penting untuk menjamin keamanan penumpang, karyawan yang bekerja di Terminal bandar udara dan personel penerbangan dari tindakan melawan hukum dengan mengimplementasikan peraturan-peraturan tentang keamanan penerbangan. Salah satu peraturan yang harus dilaksanakan adalah Peraturan Direktur Jenderal Perhubungan Udara Nomor : SKEP/2765/XII/2010. Peraturan keamanan penerbangan tersebut berbeda dengan konsep yang diterapkan di Terminal 2 Bandar Udara Internasional Juanda hal ini dikarenakan penyelenggara (operator) bandar udara yaitu PT. Angkasa Pura I (Persero) Cabang Bandar Udara Internasional Juanda menerapkan konsep baru yang meniru bandar udara di luar negeri .

Penelitian ini menggunakan metodologi penelitian kualitatif. Adapun hasil penelitian ini yaitu peraturan keamanan penerbangan tersebut yang terdiri atas unsur-unsur keamanan penerbangan seperti sumber daya manusia, fasilitas keamanan penerbangan dan prosedur belum terimplementasikan di Terminal 2 Bandar Udara Internasional Juanda.

**Kata Kunci : Implementasi, Keamanan Penerbangan, Sumber Daya Manusia, Fasilitas Keamanan Penerbangan dan Prosedur.**

**ABSTRACT**

*The aviation security is very important to ensure the safety of passenger, the airport staff working in the terminal, and plane crew from breaking the law by implementing the aviation safety regulation. One of the regulations that must be implemented is the Directorate General of Civil Aviation Regulation Number : SKEP/2765/XII/2010. The aviation security regulation is different from the one that is implemented at Terminal 2 of Juanda International Airport. It is because the aerodrome operators at PT Angkasa Pura I (Persero) Juanda International Airport Branch has applied new concept that imitates airport regulation in overseas countries.*

*This research used qualitative research method. The results of this research is the Aviation Security regulation that consist of the elements of aviation security such as human resources, facilities of aviation security and its procedures have not been implemented at Terminal 2 of Juanda International Airport.*

**Keywords : Implementation, Aviation Security, Human Resources, Aviation Security Facilities, and its Procedures.**
