JUDUL :  
Analisis Determinan Pengangguran Terdidik di Indonesia

ISI :  
Penelitian ini bertujuan menganalisis pengaruh PDRB, kesempatan kerja formal, dan upah minimum provinsi baik secara parsial maupun simultan terhadap pengangguran terdidik di Indonesia. Berdasarkan data panel dari 33 provinsi selama tahun 2004-2013. Penelitian ini menggunakan metode regresi data panel *Fixed Effect Model* (FEM). Hasil penelitian menunjukkan bahwa variabel PDRB, Upah Minimum Provinsi, dan kesempatan kerja formal berpengaruh secara signifikan baik secara individu maupun bersama-sama terhadap pengangguran terdidik.

*Kata kunci : pengangguran terdidik, PDRB, UMP, kesempatan kerja sector formal*
