

TABLE LIST

Table	Page
4.1 Number of Langerhans islet of male mice pancreas mice testis after 14 days of treatment.....	26
4.2 The diameter of Langerhans islet of male mice pancreas after 14 days of treatment.....	27

ILLUSTRATION LIST

Illustration	Page
2.1 Propolis <i>Apis mellifera</i>	8
2.2 Microscopic image of the pancreas.....	15
2.4 <i>Mus musculus</i>	17
3.1 Sample randomization into the experiment cage.....	24
4.1 Chart of the cells number of Langerhans islet of male mice pancreas	28
4.2 Microscopic image of Langerhans islet of mice (<i>Mus musculus</i>) as the result of propolis administration.....	29
4.3 Chart of the Langerhans islet diameter in male mice pancreas.....	31

APPENDIX LIST

Appendix	Pages
1. Propolis Extraction Process	41
2. Human and Animal Dosage Conversion Table	43
3. Dosage Calculation	44
4. Procedure of Histology Specimen Preparation	46
5. Statistic Result.....	49
6. Research Documentation	53

ABBREVIATION AND SYMBOL INTEPRETATION

et al	: et alli
GDC	: Gedung Diagnostic Center
H ⁺	: Ion Hidrogen
HE	: <i>Hematoxilin Eosin</i>
K ⁺	: Ion Kalium
Na ⁺	: Ion Natrium
NaCl	: <i>Natrium Clorida</i>
pH	: potential of Hidrogen
SPSS	: <i>Statistical Product and Service Solutions</i>
