10-Jul-2018

Dear Mrs. Anna,

It is a pleasure to accept your manuscript entitled "Transformation of Public Library Websites in Indonesia" in its current form for publication in Library Hi Tech News. Many changes were made to make your paper have wider significance to readers of LHTN.   I have also changed the title to: Best Practices for Public Library Websites in Developing Countries   Although there are some examples from Indonesia, the focus of the paper now is on best practices rather than a static survey of the current situation in Indonesia and provides good information for any public library on using their website for community engagement.   Although I kept your survey data, I did remove table 1.

By publishing in this journal, your work will benefit from Emerald EarlyCite. As soon as your Copyright Transfer Agreement form (CTA) is completed your manuscript will pass to Emerald's Content Management department and be processed for EarlyCite publication. EarlyCite is the author proofed, typeset version of record, fully citable by DOI. The EarlyCite article sits outside of a journal issue and is paginated in isolation. The EarlyCite article will be collated into a complied journal issue at a later date according to chronological order of acceptance.

Author proofs will be supplied to you approximately 15 business days after completion of the Copyright Transfer Agreement and the manuscript should appear online in EarlyCite within 32 business days, provided that author proofs are returned to deadline. Please go to your Author Centre at https://mc.manuscriptcentral.com/lhtn (Manuscripts with Decisions for the submitting author or Manuscripts I have co-authored for all listed co-authors) to complete the CTA. We cannot publish your paper without this. All authors are requested to complete the form and to input their full contact details. If any of the contact information is incorrect you can update it by clicking on your name at the top right of the screen.

Please note that this must be done prior to you submitting your CTA. If you would like more information about Emerald's copyright policy, please visit the Information & Forms section in the Resources section of your Author Centre.

Thank you for your contribution. On behalf of the Editors of Library Hi Tech News, we look forward to your continued contributions to the Journal.

Sincerely,
Mr. Martin Kesselman
Editor, Library Hi Tech News
