TITLE:

Cash Management of Sharia Property Companies to Maintain Business Continuity (A Case Study : PT Emirate Nusantara and PT Indo Tata Graha)

CONTENTS:

The purpose of this study was to find out cash management carried out by sharia property companies. This study uses qualitative approach with explanatory case study strategy. The data in this study were obtained through primary data in the form of interviews and secondary data in the form of documentation based on 2 informants each from PT Emirate Nusantara and PT Indo Tata Graha.

The results of this study indicate that PT Emirate Nusantara and PT Indo Tata Graha manage cash by arranging sales schemes and payment schemes to maintain cash availability, and the two companies diversify their product as an effort to maintain business continuity.

Keywords: Cash management, Sharia Property Company, business continuity
