DAFTAR ISI

COVER .......................................................................................................................... i
LEMBAR PENGESAHAN .......................................................................................... ii
PERNYATAAN ORISINALITAS SKRIPSI ................................................................. iii
KATA PENGANTAR .................................................................................................. iv
ABSTRAK ................................................................................................................ vii
ABSTRACT ................................................................................................................. viii
DAFTAR ISI ............................................................................................................... ix
DAFTAR TABEL ......................................................................................................... xiv
DAFTAR GAMBAR ..................................................................................................... xv
DAFTAR LAMPIRAN ................................................................................................. xvi

BAB 1: PENDAHULUAN ......................................................................................... 1
1.1 Latar Belakang .................................................................................................... 1
1.2 Rumusan Masalah ............................................................................................... 8
1.3 Tujuan Penelitian ............................................................................................... 9
1.4 Manfaat Penelitian ............................................................................................ 10
1.5 Sistematika Penulisan ....................................................................................... 10

BAB 2: TINJAUAN PUSTAKA .................................................................................. 12
2.1 Landasan Teori .................................................................................................... 12
   2.1.1 Consumer Behavior .................................................................................. 12
   2.1.2 Green Marketing ..................................................................................... 13
   2.1.3 Green Purchase Intention ....................................................................... 14
   2.1.4 Green Product Knowledge ..................................................................... 15

ix
2.1.5 Green Product Positioning ................................................................. 15
2.1.6 Attitude toward Green Product ......................................................... 16

2.2 Penelitian Terdahulu ........................................................................ 17
2.2.1 Penelitian Huang et al (2014) ......................................................... 17
2.2.2 Penelitian Suki (2016) ................................................................... 19

2.3 Hubungan Antar Variabel ................................................................... 21
2.3.1 Pengaruh Green Product Knowledge terhadap Green Purchase
    Intention pada Produk Sedotan Ramah Lingkungan ............................. 21
2.3.2 Pengaruh Green Product Positioning terhadap Green Purchase
    Intention pada Produk Sedotan Ramah Lingkungan ............................. 22
2.3.3 Pengaruh Attitude toward Green Product terhadap Green Purchase
    Intention pada Produk Sedotan Ramah Lingkungan ............................. 23
2.3.4 Pengaruh Green product Positioning terhadap Green Product
    Knowledge pada Produk Sedotan Ramah Lingkungan ....................... 23
2.3.5 Pengaruh Green Product Positioning terhadap Attitude toward Green
    Product pada Produk Sedotan Ramah Lingkungan ............................. 24
2.3.6 Pengaruh Green Product Knowledge terhadap Attitude toward Green
    Product pada Produk Sedotan Ramah Lingkungan ............................. 25

2.4 Model Analisis .................................................................................. 26

BAB 3: METODE PENELITIAN ................................................................. 27

3.1 Pendekatan Penelitian ....................................................................... 27
3.2 Identifikasi Variabel .......................................................................... 28
    3.2.1 Variabel Eksogen ....................................................................... 28
    3.2.2 Variabel Endogen ..................................................................... 28
3.3 Definisi Operasional dan Skala Pengukuran ...................................... 29
    3.3.1 Definisi Operasional .................................................................. 29
3.3.1.1 Green Product Knowledge (X1) ........................................... 29
3.3.1.2 Green Product Positioning (X2) ........................................... 30
3.3.1.3 Attitude toward Green Product (X3) ................................. 30
3.3.1.4 Green Purchase Intention (Y) ............................................. 31
3.3.2 Skala Pengukuran .................................................................. 31
3.4 Jenis dan Sumber Data .............................................................. 32
3.5 Teknik Pengumpulan Data .......................................................... 33
3.6 Prosedur Pengumpulan Data ....................................................... 33
3.7 Populasi dan Sampel ................................................................. 34
  3.7.1 Populasi .............................................................................. 34
  3.7.2 Sampel .............................................................................. 34
3.8 Teknik Analisis ......................................................................... 35
  3.8.1 Measurement Model ............................................................. 36
    3.8.1.1 Validitas dan Reliabilitas ................................................ 36
    3.8.2 Structural Model .............................................................. 37
3.9 Alasan Menggunakan PLS .......................................................... 37

BAB 4: HASIL DAN PEMBAHASAN ............................................. 38
4.1 Gambaran Umum Objek Penelitian ............................................ 38
4.2 Deskripsi Hasil Penelitian .......................................................... 39
  4.2.1 Deskripsi Profil Responden .................................................. 39
    4.2.2.1 Jenis Kelamin Responden ............................................. 39
    4.2.2.2 Umur Responden ....................................................... 40
    4.2.2.3 Pekerjaan Responden .................................................. 41
    4.2.2.4 Pendapatan Responden .............................................. 42
  4.2.2 Deskripsi Jawaban Responden .............................................. 43
4.2.2.1 Deskripsi Green Product Knowledge........................................... 43
4.2.2.2 Deskripsi Green Product Positioning ....................................... 45
4.2.2.3 Deskripsi Attitude toward Green Product................................. 46
4.2.2.4 Deskripsi Green Purchase Intention ....................................... 47

4.3 Analisis Model dan Pengujian Hipotesis........................................... 48
  4.3.1 Uji Measurement Model.............................................................. 48
    4.3.1.1 Convergent Validity........................................................... 48
    4.3.1.2 Discriminant Validity......................................................... 53
    4.3.1.3 Uji Reliabilitas................................................................. 54
  4.3.2 Uji Model Struktural ................................................................. 56
    4.3.2.1 R - Square Model.................................................................. 56
    4.3.2.2 Estimasi Path Coefficient..................................................... 57
    4.3.2.3 Pengujian Hipotesis............................................................. 58
    4.3.2.4 Rangkuman Hasil Uji Hipotesis............................................. 60

4.4 Pembahasan ..................................................................................... 60
  4.4.1 Pengaruh Green Product Knowledge terhadap Green Purchase Intention .......................................................... 60
  4.4.2 Pengaruh Green Product Positioning terhadap Green Purchase Intention .............................................................. 62
  4.4.3 Pengaruh Attitude toward Green Product terhadap Green Purchase Intention .......................................................... 63
  4.4.4 Pengaruh Green Product Positioning terhadap Green Product Knowledge............................................................ 64
  4.4.5 Pengaruh Green Product Positioning terhadap Attitude toward Green Product ............................................................ 65
4.4.6 Pengaruh Green Product Knowledge terhadap Attitude toward Green Product .......................................................................................................................... 66

BAB 5: SIMPULAN DAN SARAN ................................................................................. 68

5.1 Simpulan............................................................................................................. 68

5.2 Saran................................................................................................................... 68

5.2.1 Bagi Pihak Pemasar....................................................................................... 68

5.2.2 Bagi Penelitian Berikutnya........................................................................... 70

DAFTAR PUSTAKA .................................................................................................. 72

LAMPIRAN ................................................................................................................. 80
