

ACKNOWLEDGEMENT

Bismillah, Alhamdulillah, La haula wa la quwwata illa Billah...

I would like to thank Prof. Hj. Romziah Sidik, PhD., drh and Dr. Anwar Ma'ruf M.Kes., drh. for their perennially helpful advice throughout my academic years in the faculty of Veterinary medicine.

Special thanks to Dr. Nidom M.S., Drh, my supervisor in this research, drh. Ira Yudaniayanti M.P., and drh. Ajik Azmijah S.U., my academic advisors and also all of Surveillance crews: Dr. Kadek Rachmawati M.Kes., drh. , Reviany V. Nidom Apt. M.Farm., M. Yusuf Alamudi S.Si., M.Kes., dr. Ema Qurnianingsih., M.Ked., drh.Kholik M.Vet., drh Setyarina I., drh. Ratnani S. H., Surip, Titi Setyarini S.Pd., M.Med.Kom., Sheptia Nurisyah, Rama Arge Frismana, Junianto Wika A.P., Meri Oktavia who always give me advice and support to did my research in the Avian Influenza and Zoonosis Research Center (AIRC) Airlangga University.

Big love to my parents, my brothers and Sisters with their little angels, and my best friends in the Indonesia Veterinary Student Association (IVSA) / *Ikatan Mahasiswa Kedokteran Hewan Indonesia (IMAKAHI)*, and my buddies in the international class SC08, who always light my hearth to struggle to be a person in the world.

This research funded by Avian Influenza and zoonosis Research Center (AIZRC) Airlangga University, and presented to support Avian Influenza and Zoonosis Research in Indonesia and in the world wide too

CHAPTER I INTRODUCTION	
1.1 Background	1
1.2 Statement of The Problem	3
1.3 The Purpose of The Research	4
1.4 The Significance of The Research	4
CHAPTER II LITERATURE	
2.1 Avian Influenza Virus	5
2.1.1 Classification	5
2.1.2 Morphology	5
2.1.3 Pathotype	6
2.1.4 Virus Live Cycle	7
2.1.5 Clinical Diagnosis	10
2.1.6 Differential Diagnosis	12
2.1.7 Treatment and Preventive	12
2.2 Swine	13
2.2.1 Avian Influenza H5 on Swine	17

2.3 Haemagglutination (HA) Test	20
2.4 Haemagglutination Inhibition (HAI) Test	21
CHAPTER III MATERIAL AND METHOD	
3.1 Type of Study	24
3.2 Time and Place of Study	24
3.3 Materials	24
3.4 Tools	25
3.5 Method	25
3.5.1 Location of Samples Collection	25
3.5.2 Technique of Blood Samples Collection	25
3.5.3 Samples Preparation	26
3.5.3.1 Production of Swine Erythrocyte Suspension 0.3%	26
3.5.3.2 Micro technique Haemmagglutination (HA) Test and Haemmagglutination Inhibition (HAI) Test	27
3.5 Data Analysis	28
3.6 Work Scheme	29
3.7 Activities Schedule	30
CHAPTER IV RESULT	31
CHAPTER V DISCUSSION	33
CHAPTER VI CONCLUSSION AND SUGGESTION	38
