Dear Prof. M A Naidu

Thank you for the email on November, 30, 2018 about the revision of our manuscript: AJP_2672_18 with the title: Development of andrographolide – chitosan solid dispersion system: Physical characterization, solubility and dissolution testing. Thank you for the opportunity to revise our manuscript once more.

With this cover letter, we submit the revised manuscript. We would like to thank the reviewer for the constructive comment. Below our response to the reviewer's comment:

1. Some typological/spelling mistakes are in the manuscript.

Answer: we have made correction on it.

2. Author should mention the statistical significance ** in tables.

Answer: we have already add some information in discussion and give ** indicated the statistically significant different on the result.

3. In table Statistical value format is not correct. Don't use comma [,] in statistical value. For example 45.56±2.34.

Answer: we have already made correction on it.

4. UV-Spectra graph is missing in manuscript.

Answer: we used spectrophotometer to analysis the concentration of the drug for solubility and dissolution test, so the data was perform on table 1 and table 2. Regarding on this, we don't need to show the uv spectra.

5. Author has using less number of references in discussion section. Discuss compare your results with the findings from other studies in Discussion section.

Answer: We have already add some references (+ 7 references) on discussion section.
