## ACKNOWLEDGMENTS

First of all, I would like to say Alhamdulillah hirobbil'amin because of Allah SWT, the Almighty, for the good health and well-being given to me that never leaves me alone. This thesis would never be finished by myself.

Second, I would like to thank my thesis advisor, Yulia Indarti, M.A., for her kindness and patience in guiding me to finish this thesis. Next, my thank is sent to my academic advisor, Dra. Lilla Musyahda, M. Pd. who has always been kind to help me in making my study planning every semester. I also feel highly grateful to be guided by both of them.

Fourth, this undergraduate thesis is dedicated to my mom, Mbah Dewi Fatimah, my two sisters named Nabila and Asila, Ayah, and all my big family who always support me. I am so blessed to have them in my life.

Fifth, thank you for my best friends since childhood, Eka, Lulu, Ayudhia, Hilda. They are always beside me when I need moral support, even though they have their own schedule. In addition, I thank my cousin, Mbak Rohmi Awalia and Kak Devi Arthaamalia, and also for my senior high school friends, Elva, Faisha, Lila, Novia, Mega, Aprilia, and Khusnul, for always bringing me food, and nutritious drinks when I have difficulty to focus on completing this study. Furthermore, thanks to my dear campus friends, Talitha, Ajeng, Elly, Putri, Dyta, Intan, Redina, and Shinta, who always help me to correct the grammatical errors in this study with their knowledge, as well as share their campus life.

Last but not least, I would like to thank to all of my friends who always give me strength when I feel tired, furthermore they still hear my rambling talk.

All of them are my support machines, so that I could finish my thesis well. For everyone out there who reads this, do not forget to pray and keep trying for all the things you are planning. Once again, thank you.
