ACKNOWLEDGEMENT

In the Name of Allah, the Most Gracious, the Most Merciful

Praise be to Allah S.W.T for His continuous blessing, strength, and guidance that I may finally compile and finish this thesis. For only through His infinite wisdom and kindness that I receive the virtues for perseverance, discipline, and hard work that are required to complete the final task set before I finish my undergraduate study. To Him, I am forever indebted.

To my thesis advisor, Dra. Christinawati, M. Si, for her constant support, guidance, and discussions on my research, I thank you, without her guidance, I undoubtedly cannot finish my study and lost, unsure for the next direction I should take in my path of thesis writing. To my academic advisor, Erlita Rusnaningtias, S. S., M. A., I thank her for your guidance and suggestions since the beginning of my study in helping me choose the path of my study. You are my inspiration for the hard work and for the willingness of becoming a better student throughout the eight semesters of my study.

To my parents, thank you for all the lessons in understanding life, love, and heartfelt discussions. I am forever grateful to both of you for the opportunity that you both have given me so that I become a person that is happy and positive when facing my future. As I continue my journey in life, I thank you both for raising me to be the woman that I am today.

To Mama, thank you for your willingness in understanding me always and loving me the way you are. I am thinking about your cooking and how I miss them

when I write this. You let me have the confidence in facing the future, and I can always rely on you when I am in deep troubles and keeping it away from Ayah for our benefit. Thank you for your lessons in life that has shaped me to be the woman that I am today. I am thankful that I can finish my study because of all of your prayers.

To Ayah, I thank you for the hard work that you did for our family that keeps us warm and safe and for the love that you have showered me since I was a cheeky kid, for all your prayers has always kept me away from harm in life. Thank you for always being the rock for me, and because you are the role model in my life. Mama, Ayah, thank you for always putting education first before anything, for all the love and sacrifices in life that you have made, for them, I will be forever grateful and in debt.

To three of my dearest and most beloved friends in university, Dewantoro Putranto Wibowo, Alma Febrina, and Lokesjwara Nityananda Prabhu, I thank you three for all the love, support, and suggestion when it comes to my study. Thank you for all the antics that we have been through, tried and tested. If not because of you guys, I surely will be lost and bored in my time in this university life. Our experiences, laughter, and love for almost four years in Surabaya is the reason why I keep sane because you guys are the source of my laughter.
